ODACS	Workshop 1A: Thursday, 11:30 – 12:20
125 8, 9, 10 * 30	**Teaching Your Students the Attributes of God** *Dr. Hubert Hartzler; Christian School Leadership Ministries, Kingston Springs, TN* A.W. Tozer said: "Perverted notions about God soon wrought the religion in which they appear…We do the greatest service to the next generation of Christians by passing on to them undimmed and undiminished that noble concept of God….This will prove of greater value to them than anything that art or science can devise." This seminar will identify principles and methods of teaching your students the attributes of the God of the Bible.
Orchestra Room **127** 3, 4 * 40	**Games and Activities for History Classes** *Dr. Jeff Walton; American Association of Christian School, Chattanooga, TN* Is history class boring for your students? It doesn't have to be! In military language, history class is a target-rich environment for enrichment activities and review games. This workshop will introduce you to many of those activities and outline some principles for using games and activities effectively in your history classes.
Choir Room **129** 8, 9 * 40	**** AI Integration for Teachers (** Presented Twice)** *Mr. Daniel Sherwin; Fairfax Baptist Temple Academy, Fairfax Station, VA* This session walks through the basics of using Artificial Intelligence in the classroom. We will cover how to effectively begin integrating AI to take care of some of your more repetitive and more time-consuming tasks, allowing you to focus on teaching and discipling students. Topics will include study guide/worksheet creation, test writing/rewriting, and developing review games. If you have a device with Internet access, bringing it will make the session more beneficial with hands on practice.
130 4, 8 * 30	**Making Extracurriculars a Valuable Part of School Life** *Mr. Mike Smith; Pensacola Christian Academy, Pensacola, FL* Strong schools don't just teach lessons; they build community. Extracurricular clubs give students a place to grow, lead, and connect. If clubs seem overwhelming to start, don't worry-this session will walk you through practical ways to plan and implement them, no matter the size of your school.
131 3 * 30	**Bringing Intensity and Enthusiasm to the Classroom** *Mrs. Rebekah Rulapaugh; Bob Jones Academy, Greenville, SC* What we do matters. How we do it matters even more to the students in our classrooms. Let's make our classrooms come alive with excitement and intensity!
134 4 * 30	**Creating Readers and Novel Approaches to Novels** *Mrs. Judylynn Walton; American Association of Christian School, Chattanooga, TN* Do your students love to read as much as you do? This approach created book lovers of some of my most reluctant students. The workshop will give ideas for "free reading," for creative book reports, and for using novels in class.
137 4, 8, 10 * 30	**Winning, Losing, and Learning: A Biblical Approach to Growth** *Mr. Mark Gotsch; Pensacola Christian College, Pensacola, FL* The world defines success through achievement and status, but God's definition is radically different. This session will help educators teach students how to view failure as a stepping stone to growth and success as an opportunity for humility and service. Learn how to instill a Biblical perspective that helps students find their worth in Christ rather than in accomplishments or setbacks.
138 8, 9, 10 * 30	**Building a Championship Team: What NFL Roster Management Can Teach Christian School Faculty and Staff** *Mr. Mark Zockoll and Mr. Matthew George; The Christian Principals Podcast, Salisbury, MD* What if Christian schools managed faculty and worked together with the same intentionality NFL teams used to build championship rosters? Winning organizations don't happen by accident. Every NFL roster reflects intentional recruiting, player development, role clarity, coaching, and culture. Drawing from one of the Christian Principals Podcast's most enjoyable conversations, this engaging workshop reviews how those same principles can help Christian School leaders recruit organization-specific educators, develop existing staff, navigate personnel decisions, realign personal understandings, and create a faculty committed to one mission.

* 1-Preschool; 2-Kindergarten; 3-Elementary; 4-Secondary; 5-All-level (Music, Art, PE); 6-Special Education; 7-Specialist (Bible, Computer, Counseling); 8-Administration; 9-General Education; 10-Pastors
