

Why Your School Should Join the Maryland Association of Christian Educators

Reason #3 - Professional Growth

Good teachers never stop learning. For your Christian school to have continued success in its academic and spiritual missions, the administration and faculty need to be constantly learning and growing. Membership in MACE opens the doors to many valuable

opportunities for professional growth for your staff. Taking advantage of these opportunities will make a difference in the quality of your school's program. Because the eternal truth of God's Word provides the foundation for each program, these opportunities will support, not undermine, the distinctly Christian philosophy of your school.
